

CCDC FREE VIRTUAL WORKSHOPS

 April–May 2023

The **Cambridge Crystallographic Data Centre** is conducting practical sessions with a '[show-and-try](#)' format. During these 90-minute sessions expert tutors will be available for an extra 15 minutes afterwards if you need more time to complete the exercises or to ask more questions. To attend, visit the CCDC website and register.

Topics

- **27 April 2023:** [Exploring and Leveraging Metal-Organic Structures for Multiple Applications](#)
- **10 May 2023:** [Virtual Screening of Target-focused Libraries using GOLD](#)
- **23 May 2023:** [Particle Shape Calculation Using CSD-Particle](#)

Why Attend?

- Learn to use the CSD and CCDC software.
- Expand or refresh your knowledge.
- Discover new tools for search, analysis, and visualization.
