NOTICE

Subject: Removing the Reading Material, Other Stuff from the Central Library

It has been found that many users are keeping their Reading Material, Food Stuff, Electronic Items, Precious possessions, etc. in the Central Library in different areas like Property Counter, Reading Areas, Shelving areas, Compactors, Open Areas, etc. for days, weeks and months together. They are misusing the library space as their personal storage.

We are finding it difficult to clean the Library, provide good ambiance to the users, and also are unable to make proper use of Library sitting space because of such issues. This is causing a lot of disturbance to Other Users as well.

Non-Library Personal Stuff left beyond 24 Hours will be removed on a routine basis, and the Library Administration will not be responsible in case of any loss because of the same. This has been informed to the users time and again through different channels.

Please cooperate to serve you better.
