grammarly

is an automated grammar tutor and revision support tool. A web-based solution, Grammarly works one-on-one with a researcher/student to develop essential writing skills, reinforce proper revision habits and prevent plagiarism. You can upload drafts of your writing assignments to Grammarly to receive immediate instructional feedback on over 250 points of grammar. An algorithmic and structured approach to text revision ensures that valuable learning moments are seized upon when you proofread your own work.

Resource Person : Mr. Ratish Iyer, Trainer, Bridge People Technology Solutions

Features and Benefits of Grammarly

- ✚ **Automated Grammar Tutorials** - Patent-pending technology identifies problem areas in your writing and delivers instant instructional feedback on over 250 points of grammar.
- ✚ **Revision Support Tool** - Engaging user - interface transforms the revision of written work into a learning session that is both structured and connected to your immediate writing challenges.
- ✚ **Built-in Writing Handbook** - Comprehensive writing handbook facilitates sentence-level skill development by linking granular, easily-understood reference content directly to your mistakes.
- ✚ **Citation Audit** - Originality detection technology allows you to check your own work for improper citation or potential plagiarism by comparing it against a database of 10+ billion documents.
