

ONLINE WORKSHOP

On
JoVE Research and JoVE Education

24th May 2022, Tuesday; 4:00 – 5:00 pm

Introduction

JoVE (Journal of Visualized Experiments) is the leading producer and publisher of video resources for science education and research. With over 13,000 videos published across several STEM disciplines, the JoVE library provides clear, detailed illustrations of a vast range of scientific techniques and concepts. JoVE offers content to support learners at all levels, from Academicians, Research Scientists, UG/PG students, Lab Technicians and beyond.

Coverage of the Workshop

- Overview of JoVE resources
- Navigating the platform
- JoVE Support services-Curriculum Specialist Assistance for Course Mapping, embedding assistance for seamless access to students, formative assessments.
- Q & A session

Resource Person: Ms Prerna Bhanushali, Curriculum Specialist at JoVE

Ms Prerna role at JoVE is to support faculty members, find and access relevant JoVE resources for their courses and also provide instructions on embedding JoVE videos into MS PPT or other Learning Management System to ensure student access off-campus. They also have access to Quiz banks and complementary Course Mapping service, where Prerna and her team can create a customized playlist of relevant JoVE videos for their courses.
