

How to obtain No Dues (For Students) from Central Library?

For your convenience, the No Dues process is entirely online. Once your No Dues is initiated from Academics Section, it will come to us for approval. If nothing is pending in your Library Account, the concerned authority will approve your No Dues.

For the approval of no dues, all **Passing out (UG/PG) and PhD** students must submit Library books issued to them and late fees pending in their library account.

For PhD Students (After defense): Submit a hard copy of your thesis and a soft copy after defense in the Theses Section at Ground Floor of Central Library.

For any query related to No dues for PhD students (After defense), call 011-26591496/6654 (Theses section).

For PhD Students (Resignation/Termination): Submit a copy of the Resignation/Termination letter issued from the concerned authority at Circulation counter, Central Library, or e-mail copy to rsd@library.iitd.ac.in

Note: Students can check details of their checked-out books and late fee through Web OPAC (My Account); link is: <http://10.17.10.63:8080/opac/myaccount/myAccount.html>

The screenshot displays the login interface of the Indian Institute of Technology Delhi's Web OPAC system. At the top, the header includes the LIBSYS logo, 'web OPAC', and the institution's name. A navigation menu contains links for Search, Browse, Journals, New Additions, ISBN Search, Accession Search, My Account, and Federated Search. The main content area features a login form with a user icon, an 'Enter User Id' field (highlighted with a callout box labeled 'Entry No.'), an 'Enter Password' field, and a 'Location' dropdown menu. Below these fields are 'Submit' and 'Reset' buttons, with the 'Submit' button circled in red. At the bottom of the form, there is a 'Continue As Guest' link and the text 'Powered By LIBSYS'.

Here, use Entry No. as login-ID and IIT Delhi as location; there is no password by default.

Instructions to pay the late fee: https://library.iitd.ac.in/pdf/late_fees.pdf

For any query related to No Dues, call 011-26597017 (Circulation Counter).
